

Feedback from Parents of Vihaan sharma

28th Sept 2021

Dear Team SSA ,

We recieved recently 1st term report card of our son Vihaan (3B) SSA - which is very satisfactory and promising . Couldn't stop ourselves to write a thank you note to all his faculties .

It's their warm support , patience and continual encouragement which keeping him motivated and inspired to achieve better .

Thank you so much !!!

We discuss and share experiences with other parents too about their children's school sessions during this pandemic . Among all those apparently SSA's curriculum design , execution and down to earth approach towards children's wholesome development (without fake show offs) is unique and best .

Can imagine level of hard work done behind from team SSA , had such experience long back only in elder son's primary years with an IB school (In Gujraat) but nowhere in kolkata .

lastly it's very fortunate of Vihaan to get such skilled and experienced class teacher - Shilu ma'am , is truly a gem of her profession .Her dedication and concern for her student's is really

beyond mere job level . Our heartfelt thanks to ma'am for all her extra efforts .
