

## Opportunities around us –A session for class 8

Date -29<sup>th</sup> Nov, 2022

Students of class 8 are supposed to select their subjects based on their aptitude not only for the ICSE Registration but also think of their future course of study followed by their career .The session focused on the stream selection and gave them a broad idea about the career choices –both present and upcoming

Even the students were made aware of their soft skills and passion related choices, so that they grow not only academically but also as a perfect human being. Each child should be aware of his/her strength and weakness. Examples were given of different industries and organizations, so that they understand the background of each stream.
