

Session by Dr Kalyan Chakrabarti from Krea University .
Date -20/6/23

Students of classes 11A & 12A attended an interactive session on 20th June, 2023, with **Dr. Kalyan Chakrabarti** on **Liberal Science & Post Pandemic Career Opportunities in Science** to demystify Science career options for the students. Dr Chakrabarti, is an Associate Professor of Biological Science and Chemistry of Krea University. He gave instances and examples where the different branches of science lose their demarcation and merge hence emphasizing the interdisciplinary approach towards studying Science. Various aspects of the study of Liberal Science and career prospects were also discussed.
