I welcome the new executive board members into the interact family and wish them success in all their

endeavours during the year ahead. These interacters are the changemakers. They are 'the movers and the shakers of the world' who commit themselves wholeheartedly to the cause of service. Despite being demanding, this journey is rewarding as well as enriching. We learn from them each day as they bond over a common cause, a shared commitment to community service

The interact club is one of the most active clubs in the school. Interactors commit themselves to serving the

community, the school, the environment and even beyond. They have imbibed the philosophy of Sri Sri Ravishankar and all their projects are deeply rooted in the school ethos. I wish the newly installed executive board members all success as they continue to bring about positive change in the world
